Preparatory: The meeting was opened at 3:15 p.m.

I. Minutes: The minutes for the Executive Committee meeting of November 2, 2004 were approved as amended:

V. Business Items:
   D. Resolution on Equitable Scholarly Publishing Practices: Hannings, Academic Senate Chair. This resolution request that faculty members consider their relationships with Elsevier and other large scale publishers in regard to the continuous increase in subscription charges. It was decided to send this resolution to the Academic Senate Library Committee for their review of content and for advice on the recommended position Cal Poly should take on this matter.

II. Communication(s) and Announcement(s):
   A. Nominations for Wang Family Excellence Award: (Hannings) The purpose of this award is to recognize those CSU faculty members who have distinguished themselves by exemplary contributions and achievements. Nominations must be sent to the Provost Office by Monday, February 14, 2005. If you have any questions, please contact Bonnie Long at ext. 62187.
   B. Distinguished Research, Creative Activity and Professional Development Award: (Giberti) This award recognizes the varied scholarship of both junior and senior faculty across a wide range of disciplines. The deadline for nominations is Monday, January 10, 2005. More information is available at www.calpoly.edu/~acadsen/researchaward.html

III. Reports:
   A. Academic Senate Chair: (Hannings) several comments were received regarding the newly implemented registration process after a request for comments was sent to all faculty. A new request for further comments will go out to all faculty tomorrow. The Academic Senate Instruction Committee is meeting Monday to review and discuss all comments received. Discussion continues by the past four Academic Senate chairs in regards to the representation for the College of Education. A review of Robert’s Rules of Order indicates that abstentions are never counted towards a majority vote. President Baker has responded to some of the latest resolutions including the revision of bylaws for Research and Professional Development Committee as well as the Faculty Dispute Review Committee. The response regarding the use of the president's on-campus residence for a temporary faculty-staff club indicates an unwillingness to do something permanent at this time and indicates the need for a business plan. (Zuur) There has been a lot of questions from faculty and students regarding the new registration process but overall everything is going well. With the new process, 938 e-permits were issued on the first day of class. (Detweiler) Cal Poly is experiencing an enrollment challenge at this time but the new registration process is just one of the factors affecting the enrollment target. Two other factors that are affecting enrollment include the decreased number of continuing students but most importantly is the additional 300-FTS that was added after admissions were closed. Additional transfer students will be admitted during spring quarter in order to meet the enrollment target.
   B. President's Office: (Howard-Greene) The Legislature is back in session and the Governor will give a state of the state report on Wednesday.
C. Provost Office: (Detweiler) The strategy for the current enrollment situation is to make it through the end of the academic year without having a baseline budget reduction, then enrollment can be increased for next year. Applications remain strong, with about 1,000 additional applications, and even though there are short-term challenges the future remains strong.

D. Statewide Senators: None.

D. CFA Campus President: None.

E. ASI Representative: None.

F. Other: None.

IV. Consent Agenda: **Curriculum proposals:** Additional documents will be presented at the January 18 meeting.

Proposed by: Academic Senate Instruction Committee
Date: December 20, 2004

CURRENT

CAM 484.1 Final Examinations

A. Lecture Courses

The university's schedule for final examinations for lecture courses will be included in each issue of the quarterly Class Schedule. The schedule, drafted by the Associate Dean, Educational Services, and approved by the Vice President for Academic Affairs, will designate an examination time for each time block in which lecture sections are normally scheduled. Examinations will be held at the time designated in the schedule and, unless the class and instructor have been notified otherwise, at the location in which the class was assigned to meet during the quarter.

The maximum time for which a facility will be allotted for a lecture section final examination is as follows: one hour for a section meeting one or two hours per week; two hours for a section meeting three hours per week; three hours for a section meeting four or more hours per week.

B. Nonlecture Courses

Final examinations in nonlecture courses will be held during the last class meeting in the regularly assigned meeting location.

PROPOSED

CAM 484.1 Final Assessments

A. Courses with Lectures & Seminars (other than I-unit courses)

Course activity, including assessments, shall continue through the week designated for final assessments for all courses with a lecture component. Faculty are required to meet with students at the scheduled final assessment period and will use the week designated at the end of the quarter for the final assessing of student work. Faculty should decide the pedagogically appropriate assessment activity: for example, exams, receipt of term papers or projects, presentations, etc.

The university's schedule for final assessment periods will be included in each issue of the quarterly Class Schedule. The schedule, drafted by University Scheduling Office and approved by the Vice President for Academic Affairs, will designate an assessment period for each time block in which lecture sections are normally scheduled and the location assigned.

Final assessments will be given in all sections of lecture and seminar courses unless exempt under the provisions contained in CAM 484.2.

The maximum time for which a facility will be allotted for final assessment is three hours.

B. Nonlecture Courses and I-unit Courses

Final assessments in nonlecture courses (labs/activity courses and I-unit courses) will be held during the last week of instruction in the regularly designated meeting time and location.
484.2 Final Examinations-Exempt Courses

Final examinations will be given in all sections of lecture and nonlecture courses unless exempt under the provisions contained in CAM 484.2. Examination exemptions may be granted for such reasons as uniqueness of course content or method of instruction, and/or a more appropriate procedure for establishing a final evaluation of the student's performance in the course. Exemptions in the University Catalog in unusual circumstances, a faculty member may petition for exemption after the course has begun. Requests for such exemption will be submitted in writing to the school dean through the department head for approval.

484.3 Final Examinations--Rescheduling

Under unusual circumstances, it may be deemed advisable to reschedule a final examination to be held at a time and/or location other than that for inclusion in the University Catalog. Requests for exemptions will be submitted in writing through the department chair for approval by the regularly scheduled. The instructor, in consultation with the Associate Dean, Educational Services, will determine whether the anticipated change can be made. If a suitable new time and location can be established, the instructor will then, in writing, submit the request through the department head to the dean of the school. The request will indicate the course and section to be changed, the reason for the request, the new time and place for the alternate examination, an indication that at least two-thirds of the class is in agreement with the change, and a statement that an examination will be held at the regularly scheduled time and place for those students who are unable or unwilling to attend the final examination at the rescheduled hour.

484.2 Exempt Courses

Assessment exemptions may be granted for such reasons as uniqueness of course content or method of instruction, and/or a more appropriate procedure for establishing an evaluation of the student's performance in the course. Exemptions ordinarily will be established at the time the course is proposed by the department for inclusion in the University Catalog. Requests for exemptions will be submitted in writing through the department chair/head for approval by the appropriate Dean with notification of approved exemptions sent to University Scheduling Office.

484.3 Rescheduling

A. Early Assessments

No final assessments shall be given prior to the scheduled final assessment period without written approval of the appropriate Dean and notification sent to University Scheduling Office at least two weeks before the final assessment.

B. Common Assessments

Courses with three or more sections may hold assessments during "common assessment" times designated by the University Scheduling Office with approval by the department chair/head and appropriate Dean. Faculty who have requests approved must notify the University Scheduling Office at least two weeks before the final assessment. Any student who is unable to attend the common assessment time due to a conflict with another course's final assessment shall be permitted to arrange an alternate assessment time.

C. Alternate Assessments

Faculty may offer an additional assessment period during the final assessment week; however, the assessment must also be offered at the original time set aside in the class schedule. Courses with alternate assessment periods during the final period must notify the University Scheduling Office at least two weeks before the final assessment.
WHEREAS, On June 4, 2004, the Academic Senate approved AS-616-04/RD&BK, Resolution on the Proposal to Rename the University Center for Teacher Education to the College of Education; and

WHEREAS, The Constitution of the Faculty specifies that a minimum of three senators represent each college in the Academic Senate; and
