RESOLUTION ON
RENAME THE DISTINGUISHED RESEARCH, CREATIVE ACTIVITY, AND PROFESSIONAL DEVELOPMENT AWARD AND RENAMING AND CONSTITUTING THE DISTINGUISHED RESEARCH, CREATIVE ACTIVITY, AND PROFESSIONAL DEVELOPMENT AWARDS COMMITTEE

Background: In 2003, the Academic Senate passed AS-602-031RP&D, Resolution on Establishing a Faculty Award to Recognize Distinguished Research, Creative Activity, and Professional Development at Cal Poly. Since that time, the award has been administered by the Academic Senate Research and Professional Development Committee.

WHEREAS, Cal Poly is an institution known for its high quality of undergraduate education; and

WHEREAS, The University recognizes the interdependence of teaching and scholarship; and

WHEREAS, The University defines scholarship in broad terms as the scholarship of teaching, the scholarship of discovery, the scholarship of integration, and the scholarship of application; and

WHEREAS, This definition encompasses those activities traditionally known as research, creative activity, and professional development; and

WHEREAS, The Academic Senate of Cal Poly has already established a "Distinguished Research, Creative Activity, and Professional Development Award" to recognize faculty achievements in these areas; and

WHEREAS, In establishing the award, the Academic Senate resolved to also establish a "Distinguished Research, Creative Activity, and Professional Development Awards Committee" to conduct the selection process and determine on an ongoing basis the policies and procedures to be used for selecting recipients of the award; and
WHEREAS, Said committee has not been constituted; therefore, be it

RESOLUTION ON
PRESIDENTS’ DAY HOLIDAY

Background: The administration of Cal Poly has proposed that beginning in February 2005, that the campus observe Presidents’ Day on the Friday before the Monday set aside nationally for the observance of this holiday. The reason for this change is to limit the number of holidays observed on Mondays during winter quarter.

This change will cause hardship to many faculty, staff, and students: those with childcare may find it difficult and/or expensive to provide for an additional day of care; issues with transportation will arise particularly for those carpooling with individuals who do not work at or attend Cal Poly; those with spouses who have jobs that observe the traditional day will not be able to share the holiday; and many students may choose to observe the holiday on Monday anyway in order to be with their families, thus increasing absenteeism on that day.

WHEREAS, Observing Presidents’ Day on any day other than the Monday set aside for the holiday will present a variety of complications for faculty, staff, and students of Cal Poly; and

WHEREAS, There exists other acceptable ways to meet the problem of losing too many Monday classes during winter quarter; therefore be it

RESOLVED: That the Academic Senate of Cal Poly oppose the observation of Presidents’ Day on the Friday prior to the normal Monday set aside for this holiday; and be it further

RESOLVED: That the Academic Senate of Cal Poly request its administration reinstitute the traditional Monday observance of Presidents’ Day.

Proposed by: Harvey Greenwald and Myron Hood, CSM senators
Date: April 7, 2005
Background: During the summer of 2004, CSU officials acknowledged the loss of a laptop
computer's hard drive containing the names and Social Security numbers of 13,000 Cal Poly
students and employees. An article in the Tribune dated August 3, 2004 stated: "A Social
Security Number is the key to identity theft. With such information, thieves can open bank
accounts, secure credit cards, or obtain a driver's license, according to the California Department
of Consumer Affairs."

More recently security problems involving Social Security numbers have occurred at UC
Berkeley, Chico State, as well as many other campuses.

Screen 103 (as well as other screens) of the Student Information System (SIS) contains the
complete Social Security numbers of faculty, staff, and students (going back many years). All
faculty, many staff, as well as student assistants could have access to this SIS screen. In fact,
more than 1000 people on campus have access to Social Security numbers of faculty, staff, and
students.

On March 1, 2004, the Chancellor issued HR 2004-08 regarding requirements for protecting
confidential employee data. It states: "Each campus and the Chancellor’s Office must ensure that
all employees with access to confidential employee information have a legitimate CSU need to
have such access."

We are not in compliance.

WHEREAS, Social Security numbers are commonly used in identity theft; and

WHEREAS, Screen 103 (as well as other screens) of SIS contains complete Social Security
numbers of faculty, staff, and students; and

WHEREAS, Many screens of SIS require higher clearance; and
WHEREAS, The last four digits of the Social Security number are sufficient for routine identification purposes; therefore be it

RESOLVED: That the Academic Senate of Cal Poly request its administration take steps immediately to bring Cal Poly into compliance with the Chancellor's Executive Order HR 2004-08; and be it further

RESOLVED: That an ad hoc Academic Senate committee be formed that is composed of two representatives from each of the following areas: Information Technology Services, Academic Records Office, General Faculty, and ASI; and be it further

RESOLVED: That this committee be charged with recommending strategies (to the Academic Senate) for improving campus security regarding Social Security numbers and SIS by the end of the fall 2005 quarter.

Proposed by: Harvey Greenwald, CSM senator
Date: April 27, 2005
Background: The last two student fee referenda have had significant problems. In the spring of 2004, there were numerous complaints regarding harassment and intimidation. More recently, in the spring of 2005, the coverage leading up to the referendum was problematic. In each case, there were serious questions regarding the fairness of the referenda.

While the issue of raising fees is an issue to be decided upon by the students, the issue of fairness is one that concerns all of us.

WHEREAS, There were numerous complaints regarding harassment and intimidation in the student fee referendum conducted during the spring of 2004; and

WHEREAS, There were numerous complaints regarding the coverage prior to the student fee referendum conducted during the spring of 2005; and

WHEREAS, In each case there were numerous complaints regarding the fairness of the referendum; and

WHEREAS, The issue of fairness is one that concerns all of us; therefore be it resolved:

RESOLVED: That the President of Cal Poly form a University committee with representatives from Campus Fee Advisory Committee, Student Life & Leadership, General Faculty, and ASI; and be it further

RESOLVED: That this committee be charged with reviewing the policies and procedures regarding student referenda; and be it further

RESOLVED: That this committee shall recommend to the President of Cal Poly changes, as appropriate, to the policies and procedures regarding student referenda to be used for the student fee referendum expected for 2006.

Proposed by: Harvey Greenwald, CSM senator
Date: April 27, 2005
