After the retreat, an authoring committee comprised of David Conn, Bill Durgin, Bruno Giberti, and Susan Opava prepared a final draft of the proposed Mission Statement. Members of the Executive Committee suggested the following changes:

Cal Poly fosters teaching, scholarship, and service in a learn-by-doing environment where through close collaboration, students and faculty work closely together. As a polytechnic university, Cal Poly emphasizes the application of theory to practice. As a comprehensive institution, Cal Poly provides a balanced education in the arts, sciences, and technology while encouraging cross-disciplinary and co-curricular experiences. As a community of life-long learners, Cal Poly values academic freedom in teaching, research, and discussion, free inquiry, cultural and intellectual diversity, mutual respect, civic engagement, and social and environmental responsibility.
