BOULDER ASSOCIATES ARCHITECTS FELLOWSHIP

BOULDER ASSOCIATES ARCHITECTS is seeking talented, motivated architecture students entering their FINAL YEAR or GRADUATING from a professional degree program (MArch or BArch) for a challenging three-month summer internship in BOULDER, CO.

The Fellowship provides students with an immersive program in professional practice and sustainable design. The selected students will participate in current project production, advanced education sessions, and develop a 12 week independent study project.

For more information and application form please visit: www.boulderassociates.com/firm/fellowship-program/
BOULDER ASSOCIATES ARCHITECTS
FELLOWSHIP

This immersive program in professional practice includes three components:

1. **Hands-on project work:** Fellows will gain real world experience – developing Revit skills, interacting with clients, and working on a design oriented project – to add to their resumes.

2. **Mentorship and Training:** Fellows will receive training on a range of innovative design topics – sustainability, project management, and patient-centered design – through firm-wide workshops and one-on-one educational sessions with our firm’s leaders.

3. **Independent study:** Fellows will develop their own comprehensive project to add to their personal portfolios. Under the guidance of staff, Fellows will participate in a series of charrettes throughout the summer to refine their design. At the end of the summer, they will present their completed project to our staff.

---

**Program Requirements**
- Students must either be a recent graduate or be in their final year of a professional architecture degree program (MArch or BArch).

**Program Duration**
- 12 weeks between May and August (exact dates will be determined by the student’s school schedule).

**Compensation**
- $6,000 for the 12 weeks
- $1,000 tuition scholarship
- $500 travel stipend

**How to Apply**
1. Complete online application at:
   [www.boulderassociates.com/firm/fellowship-program](http://www.boulderassociates.com/firm/fellowship-program)

2. In a single pdf document email your resume, portfolio, and a 200-word essay on what you would like to gain from the experience to mfiore@boulderassociates.com or submit through GoogleDocs.

3. Two letters of recommendation from professors or past employers (design firms only) emailed directly from the recommenders to mfiore@boulderassociates.com or mailed to:
   
   Attn: Mary Fiore  
   Boulder Associates Architects  
   1426 Pearl Street, Suite 300, Boulder Colorado 80302  
   **All application materials must be received by 3.16.2015**
