GRADUATE STATUS REPORT

INTRODUCTION

College year 2004-05 proved to be an encouraging and positive year for newly graduated students to enter the job market. The job market was active and robust for a third consecutive year, translating into job opportunities and higher starting salaries. 94% of Cal Poly graduates were either employed full-time or enrolled in post graduate education, mirroring the previous year's employment data.

JOB MARKET

The job market for 2004-05 graduates continues to be active, competitive and strong. The market supported an increase in job fair participation. Career Services moved to two-day job fair formats for Fall and Spring Quarters, increasing our capacity to serve employers. The on-campus interview program also reflected increase usage for this purpose. Industries related to technology, public accounting, financial services, consulting services, engineering/surveying firms, construction, and biomedical contributed to a strong job market.

MEDIAN SALARY

The chart below indicates the median salary of each academic college for 2004-05:

College	Sample	Median
All Colleges	1173	\$45,000
College of Agriculture	253	\$36,000
College of Architecture & Env. Design	116	\$43,600
College of Business	279	\$45,000
College of Education	57	\$39,500
College of Engineering	286	\$55,000
College of Liberal Arts	123	\$32,000
College of Science & Mathematics	59	\$35,650

Many employers are offering higher starting salaries and planning to increase the number of new graduates into the work force.

EMPLOYMENT SOURCES

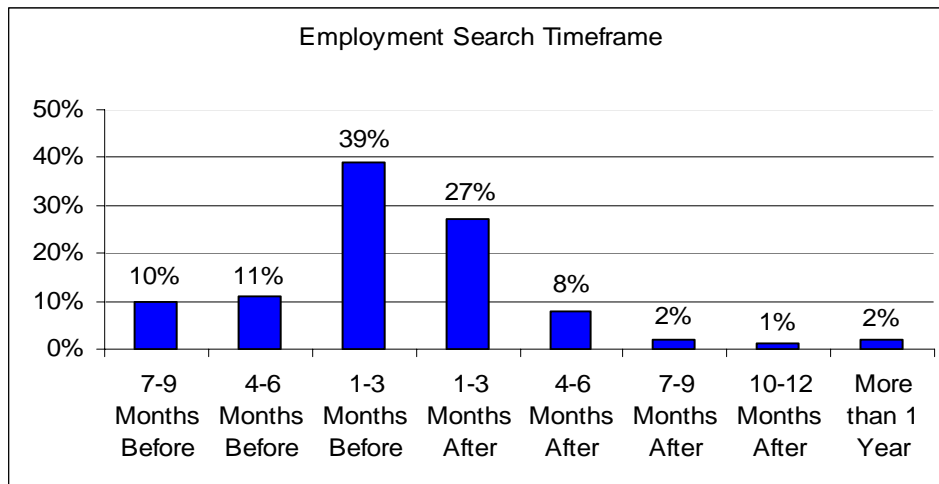

The graduating class used the following methods to secure employment:

Employment Sources	Percent
Personal Referral	29%
Internet Listing	17%
Prior Employment	11%
On-Campus Interview	10%
Career Services Website	9%
Campus Event / Job Fair	7%
Advertised Position	3%
Family Business	3%
Club Activity	3%
Employment Agency	2%
Academic Dept Listing/Event	1%
Telephone Book / Professional Publication	1%
Other	1%

Graduates relied heavily on networking through personal contacts and prior employment (summer, Co-op or internship experience), along with an increase utilization of internet listings to obtain employment. Specific Career Services programs related to on-campus interviews, Career Services website, campus events and job fairs were also widely used by students to make initial contact with employers.

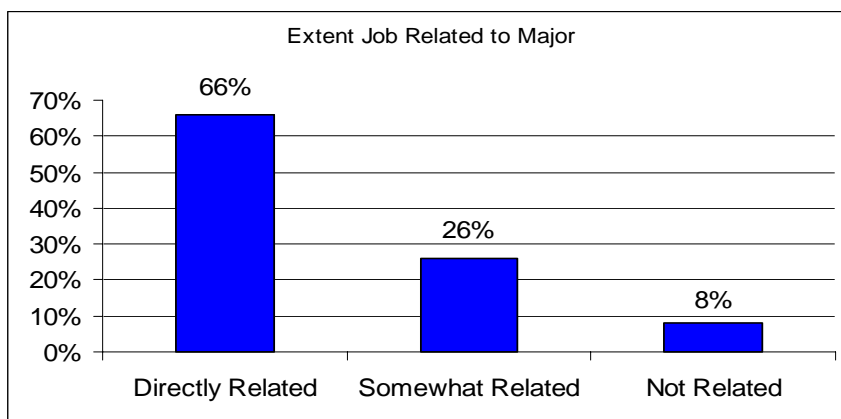

EMPLOYMENT SEARCH TIMEFRAME

60% of respondents obtained employment before graduation, 87% obtaining employment within three months and 95% obtaining employment within six months after graduation.

MAJOR RELATED JOBS

92% of respondents reported that their employment or post baccalaureate study was directly or somewhat related to their major. The remaining 8% reporting jobs not related to their major.

GRADUATE SCHOOL

21% of respondents continued on to post baccalaureate study, an overall modest gain from the previous year. The majority of respondents in this category are from the College of Science & Mathematics (50%) and College of Liberal Arts (37%).

GRADUATE STATUS REPORT INFORMATION

The overall data for 2004-05 was based on 2,048 respondents, a 54% response rate of the entire graduating class. A chart has been provided that summarizes the last 10 years of Graduate Status Report information. Within this period, the job market has experienced both strong and weak periods. Yet, on the whole, Cal Poly graduates continue to be highly successful in reaching their career goals.
