Program Assistant Spotlight
I was just recently accepted into the Peace Corps Mozambique education program! I am very excited for this position and will be teaching high school level Biology and Chemistry through the Let Girls Learn campaign. It will be a challenge as I will be teaching these subjects in Portuguese. To make things even more exciting, I am fluent in Spanish not Portuguese. My departure date is August 30th, 2016. I only have about 6 months to reach an intermediate level in Portuguese speaking and writing. It is not the craziest thing I've ever done so I am more than willing to take on this challenge. I cannot wait until my departure where I will be calling South Africa home for the next two years!
