

2018 – 19 Learning Communities: Living Learning Program – First Year Students

ACE – 24/7 Quiet Hours & Quiet Reflection – 24/7 Quiet Hours – ACE is an academically-conducive environment with an emphasis on events that build academic skills, relieve stress and give students an opportunity collaborate with others in a quieter environment.

Collaborative Leadership – This community incorporates the ability to open our minds to new ideas and experiences that can be applied to personal decisions, group interaction and community advocacy. The desire to learn new concepts, improve skills and seek challenges.

College Based (CAED, CAFES, COE, COSAM, CLA & OCOB) – These six communities afford students the opportunity to live with others in their College/major, often sharing the same classes, while participating in activities that center around their academics, careers and social interests. University Housing and our academic partners are devoted to promoting an atmosphere where learning is integral in all facets of resident’s lives. With a community devoted to each undergraduate College at Cal Poly, there’s one that’s created for every first-year student.

CP Scholars – An invitation-only program that provides a two-year residential experience for students from selected California high schools.

Entrepreneur iCommunity – Students interested in embracing the entrepreneurial “learn by doing” spirit to examine intersections between STEM, engineering, business and liberal arts.

Global Living – A place for the traveled and travelers at heart. Designed for culture & language lovers. Passport is built around the ability to relate to and connect with people in our world. Learn about study abroad opportunities, alternative breaks and expose yourselves to global issues.

Honors – A community where members of Cal Poly’s Honors Program live together in an interdisciplinary environment.

Mindful Living – In this wellness-focused community, you'll learn about mindfulness and holistic well-being for all areas of your life while building meaningful connections with other students, staff, and faculty. Learn tools to be more present, self-aware, and connected with others. Topics for events in this community might include physical wellness and nutrition, cultural exploration, stress management, relationships, spirituality, career, and emotional well-being.

Poly Tech – A theme for anyone from Techies to Trekkies. For gamers, geeks and the future focused student who likes to live and learn on the cutting edge

Pre-Med & Health – This community connects students with academic faculty, advising and career professionals early so they can explore and prepare for a health professions career.

Substance Free – For those committed to wellness and having a great time without tobacco, drugs, or alcohol.

TRIO Achievers – An invitation-only program for committed to inspire, inform, empower and contribute to student success by supporting students’ academic, personal and professional growth.

2018 – 19 Learning Communities:

Sophomore, Transfer, and Continuing Student Success Program – 2nd year & Continuing students

CP Scholars – An invitation-only program that provides a two-year residential experience for students from selected California high schools.

Entrepreneur iCommunity – Students interested in embracing the entrepreneurial “learn by doing” spirit to examine intersections between STEM, engineering, business and liberal arts.

Sophomore Program – This community is for students from all Colleges interested in creating a dynamic community that promotes academic success, social engagement and independent living. Staff provide resources that assist students in their academic planning and personal development. Defining academic goals, exposure to project opportunities and creating a map of coursework and their career beyond Cal Poly are focuses in these neighborhood communities.

Substance Free – For those committed to wellness and having a great time without tobacco, drugs, or alcohol.

Transfer Program - A program built to give students opportunities to connect and grow with other transfer students.
