ITS allocation of operating costs for year ended 6/30/16. Total operating costs for all funds combined is $18,987,184, and does not include depreciation expense.

Budget & Acquisition

Campus Security Status

The Symantec Report informed us of 18 deletions, zero detections, and two cleaned/blocked security risks. There are currently seven infected systems, with one newly infected system found this week.

Staffing

System Status

We have a standard of 99.5% uptime for our campus network. Even with a massive many-hundred-manhour network upgrade going on over many weeks, we still kept our network up almost all the time.

Did you know?

In just one week of July 2016, ITS blocked 8 million spam emails from being delivered to Cal Poly accounts. That's nearly 90% of all emails coming from off campus.
