Subject: **Response to Academic Senate Resolution AS-487-971B&LRPC
Resolution on Future Cal Poly Budgets**

I am pleased to acknowledge receipt of the above subject Senate Resolution on future Cal Poly budgets. Although placing a priority on academic programs and the needs of students as identified in the Senate Resolution should be a self-evident institutional budgetary and planning principle, I appreciate the Senate's affirmation of it. The Resolution is a timely and appropriate statement and a reminder of the heart of our work together. Support of academic programs goes beyond simply direct budget allocations to programs and includes efforts to increase resources for programs from sources other than the state budget allocation.

Please express my thanks to both the members of the Academic Senate and the Budget and Long-Range Planning Committee.
