

Distinguished Scholarship Awards Committee
Quarterly Report
Winter 2008

The Distinguished Scholarship Awards Committee met three times in Winter 2008.

On February 7 the committee discussed the nominees for the 2008 DSA. It was decided to screen the nominees based on employment criteria and on the content of the nominator's statement. All nominees who passed this first stage were asked for CVs.

On February 27 and February 28 the committee discussed the merit of all nominees who provided CVs. Seven finalists were chosen. These finalists were asked for personal statements and references.
