NOTES:

As Chair of the RSCA committee, Tom Gutierrez served on an ad hoc Research Integrity Committee (conducted through the Office of Research and Economic Development) to investigate a case of scientific misconduct. This investigation was concluded during Winter 2019. The RSCA Committee took on the duties of the Exceptional Student Service Committee (ESSC) and reviewed, ranked, and submitted recommendations to the Provost's office for faculty applications for assigned time for exception service (the availability of these units is mandated in the contract). The committee discussed the possibility of having the RSCA committee permanently adopt the ESSC duties as part of its standing charge.
