

**Distinguished Scholarship Awards Committee
Spring 2010 report**

The Distinguished Scholarship Awards (DSA) Committee met twice during spring quarter. Other business was conducted by email.

On May 11 and May 13, the committee met to discuss the eleven finalists for the DSA, reaching a consensus for its recommendations at the second meeting. The DSA committee chair forwarded its recommendations to the President's Office on June 3.

In addition, the DSA committee submitted the committee procedures to the Academic Senate Executive Committee. The procedures were approved at the May 13 Executive Committee meeting.

For fall 2010, the DSA committee will revise the award criteria and procedures and will solicit nominations for the 2010-2011 award.
