Ken Griggs, Chair

The Academic Senate Grants Review Committee met on June 1st to review the State Faculty Support Grant (SFSG) applications for 2012-2013. Thirteen proposals were submitted and ten proposals (including one alternate) were recommended for an award as follows-

Proposal funding requests totaled \$94,182 and the committee award recommendations totaled \$72,402. Final funding status will probably not be known until the Fall of 2012. However, given the current budget situation, funding is questionable.
