Chair, GE Governance Board

**Copies:**

**Subject:** Spring Quarter GE Governance Report

---

**This memo should serve as a brief summary of activity for the General Education Governance Board (GEGB) for Spring Quarter 2014.**

- The committee met five (5) times throughout the quarter, on designated Friday mornings;
- Each meeting had a specific agenda of items to be discussed;
- GE PLOs were vetted and approved by the entire GEGB committee;
- A preliminary GE PLO presentation was given to the body of the Academic Senate;
- It was determined that the approval and adoption of GE PLOs did not need an Academic Senate Resolution; as a result, formal GE PLOs were established and posted to the GE website;
- HUM310, KINE323 & SPAN307 were approved by the committee;
- NR264 was reviewed again and a memo sent to ask for consultation with ECON; the proposal should come back in the Fall as part of the entire GE University review of 15/17 catalogue curricula review;
- As per the Senate Resolution procedures, Brenda Helmbrecht was supported by the GEGB committee to become Chair.
