NEW DEGREE PROGRAMS

The following program was recommended for approval and approved by the Senate.

- **M.S. Fire Protection Engineering**

The ASCC is still reviewing the following program and will continue review next academic year.

- **M.S. Nutrition**

OTHER BUSINESS

- We developed instructions for the **Cross Disciplinary Studies Minor** Proposal process.
- Exceptions for Catalog Review were revised to account for the upcoming 2015-17 Catalog Review. The revised exceptions policy can be found at http://registrar.calpoly.edu/content/draft-exceptions-catalog-review-cycle
- We have begun developing a policy resolution on Graduate Blended Programs to provide equity and rigor in our 4+1 programs. While still under development, the resolution aims to (1) clarify the timing of admission to the program, (2) clarify which units may be applied to the graduate degree, and (3) indicate that all undergraduate requirements, including the senior project, will be required.
