<b>VP for Administration &amp; Finance</b>	<b><i>TBD</i></b>

**AY 2025-2026 Charges:**

<b>Charge</b>	<b>Status (e.g., completed, ongoing, postponed, etc.)</b>	<b>Notes</b>
Revise and replace AS-792-15_rev (“Resolution on Approving Assessment Process for Courses Meeting Sustainability Learning Objectives”).	Ongoing	We will revise and replace AS-792-15_rev once our new chair joins the committee.
Review and modify committee procedures and bylaws to accommodate representation from Cal Poly, Solano campus and to reflect the university’s conversion to semesters (as needed).	Ongoing	The committee will review the current procedures and bylaws to determine whether any updates are needed.

# CAL POLY

## Academic Senate

Charge	Status (e.g., completed, ongoing, postponed, etc.)	Notes
Propose a sustainability graduation requirement once AS-792-15 is revised and superseded.	Ongoing	This item is related to the first charge, and we will address both charges together.
Work with ASI, Facilities, and other campus stakeholders to connect sustainability education with co-curricular activities and campus life.	Ongoing	We hope to include representatives from Facilities Planning and Sustainable Energies & Utilities to support the further development of sustainability education in coordination with co-curricular activities and campus life.
Assist university facilities staff and administrators in efforts to achieve a carbon-neutral, zero-emissions, AASHE-STARS platinum-rated campus.	Ongoing	We hope to include representatives from Facilities Planning and Sustainable Energies & Utilities to support the successful completion of this charge.
Finalize review of courses proposed for the SUSCAT for the 2026-2028 semester catalog.	Ongoing	This work is ongoing, and we anticipate completing the review by the end of the 2025–2026 academic year.
Review the impact of the integration with the Cal Poly, Solano campus on Cal Poly campus sustainability goals, policy, and curriculum.	Ongoing through integration	We hope to have a representative from the Solano campus participate in reviewing the goals, policies, and curriculum.
Review the impact of the proposed Year-Round Operations (YRO) calendar and administrative structure on campus sustainability policy and procedures, as well as on ASCC bylaws, policies, and procedures and draft revisions as necessary.	Ongoing through implementation	We will conduct the impact review once our new chair joins the committee. It would also be helpful to include representatives from Facilities Planning, Sustainable Energies & Utilities, the Office of the Vice President for Academic Innovations and Programs, and the Office of the Vice President for Administration & Finance.

### **GENERAL COMMENTS:**

In Fall 2025, the committee operated without a chair and therefore had two meetings. A new chair will assume the role in January 2026, at which point the committee will return to full operation. We currently have 7 vacant positions for members. Participation from representatives of OCOB, PCS, the Solano Campus, Facilities Planning, Sustainable Energies & Utilities, the Office of the Vice President for Academic Innovations and Programs, and the Office of the Vice President for Administration & Finance will be supportive in completing the committee's charges.
