

CAL POLY

Resolution on External Exam Credit

John Walker, Chair, ASCC

Key Features of the Resolution

- Updates External Exam Credit to Semester Units.
- Puts Cal Poly in compliance with CSU-mandated units and GE areas for exams.
- Keeps departments/areas in control of course articulation.
- Allows different course articulation for AP scores higher than the CSU passing score.
- Creates equity by removing excess free elective units given only for AP and IB exams.
 - AP and IB exams now receive the same unit credit as
 - Cal Poly courses,
 - Courses transferred from community college and other universities,
 - CLEP exams.
 - This matches how external exam credit is awarded at many other CSU institutions.
- Sets rules for managing how credit is awarded for different combinations of CSU mandates and Cal Poly course articulations.
- Designates GEGB (for GE credit) and ASCC (for non-GE credit) to resolve any disputes arising from the policy.

CSU External Exam Credit Policy

- CSU mandates are set by the [CSU Systemwide Credit for Exam Examinations Policy](#).
