RESOLUTION ON UNIVERSITY FACULTY PERSONNEL POLICIES
SUBCHAPTER 11.5: ASSOCIATE DEAN APPOINTMENTS

Impact on Existing Policy: This resolution recommends to the President that Cal Poly enact the attached policy as a new university-level policy directing colleges to formulate more detailed policies on associate dean appointments. It augments, but remains distinct from AS-659-07 Resolution on Searches for Academic Campus Administrators.¹

Proposed by: Academic Senate Faculty Affairs Committee
Date: November 5, 2019

¹ (1) Describe how this resolution impacts existing policy on educational matters that affect the faculty. Examples include curricula, academic personnel policies, and academic standards.
(2) Indicate if this resolution supersedes or rescinds current resolutions.
(3) If there is no impact on existing policy, please indicate NONE.
The Academic Senate Faculty Affairs Committee (FAC) is a standing Senate committee with representation from each college, the library and professional consultative services, Academic Affairs, and a student representative. FAC employs a streamlined process for Academic Senate approval of personnel policies which specifies the nature of consultation with faculty affected by proposed changes and provides a clear accounting of which policy documents have been superseded by the proposed change. FAC has used this process to construct a new University Faculty Personnel Policies (UFPP) document and is now employing the same process to revise or create new personnel policies and place them in UFPP on an as-needed basis.

FAC recommends Cal Poly adopt a policy requiring colleges to develop and implement a consultative process with faculty and staff for associate dean appointments. FAC has solicited feedback on this proposed policy from the colleges, library, and counseling services, and will take that feedback into account as this proposed policy advances through the Senate process.

What follows is a summary of the proposed policy, an account of its impact on existing policy, and implementation.

This policy would go into effect by means of shared governance with the Academic Senate recommending to the President that the attached policy be adopted. As it affects appointments by means of the Management Personnel Program (MPP), which is outside the scope of faculty policy, the Senate’s action is advisory to the President. The President may choose to implement the policy the Senate recommends, and if so, the attached policy would enter UFPP by that endorsement from the President.

Summary of SUBCHAPTER 11.5 Associate Dean Appointments

This proposed policy requires colleges and the library to utilize some sort of consultative process with faculty and staff in the appointment of associate deans. It also requires colleges and the library to specify the nature of this consultative process in their respective personnel policy documents.

Impact on Existing Policy

Associate dean appointments are governed by CSU policy and state law about the Management Personnel Program (MPP). This new policy would establish a further requirement of some sort of consultative process with faculty and staff, to be defined by the colleges, in the appointment of associate deans. This is a policy about policy in that it requires colleges and the library to formulate such policy for their own application. It makes no further specification about how such college and library policies shall be formulated, but leaves that to the colleges and library to sort out for themselves.

The Academic Senate previously approved a resolution on MPP search processes (AS-659-07 - Resolution on Searches for Academic Campus Administrators). The resolution primarily addressed recruitment for MPP positions involving search processes rather than appointment of associate deans.
from within the current faculty. This resolution was advisory, and President Baker acknowledged it as such.
