WHEREAS, Cal Poly has a policy on the Discontinuation of Academic Programs, which requires a potentially lengthy review by two separate groups, one representing students, staff, and faculty that are involved in the program, and the other representing students, staff, and faculty that are not involved in the program; and

WHEREAS, Cal Poly’s College of Liberal Arts used to offer an M.S. in Printed Electronics and Functional Imaging; and

WHEREAS, After offering a certificate program for 2 years and graduating a single Master’s class, it was determined that there was insufficient enrollment to make the program self-support. The program stopped accepting students in 2016; and

WHEREAS, Admission to the M.S. in Printed Electronics and Functional Imaging degree program has been suspended for the past three years; and

WHEREAS, There are no students currently active in the program; and

WHEREAS, The Chair of the Graphic Communications department has requested that the M.S. in Printed Electronics and Functional Imaging program be discontinued, and the program faculty supports it discontinuation; therefore be it

RESOLVED: That the M.S. in Printed Electronics and Functional Imaging program be discontinued as of AY 2020-21, and be it further

RESOLVED: That the discontinuance of the aforementioned program does not establish any criteria for the discontinuation of any other academic program.

Proposed by: Academic Senate Curriculum Committee and Academic Programs and Planning
Date: February 18, 2020
To: President Jeffrey Armstrong, Ph.D.

From: Colleen Twomey, Chair, Graphic Communication

Subject: Discontinuing the MS in Printed Electronics and Functional Imaging in Graphic Communication

Date: December 5, 2019

CC: Bruno Giberti, Associate Vice Provost for Academic Programs and Planning  
Dustin Stegner, Academic Senate Chair  
Amy Robbins, Academic Programs & Planning  
Dina Vees, GrC Curriculum Chair

In 2014 the Graphic Communication Department launched a Master’s Degree in Printed Electronics and Functional Imaging (PEFI), which was comprised of a certificate program (first year, all online), followed by an in-residence completion for the second year. After offering the certificate program for 2 years and graduating a single Master’s class, it was determined that there was insufficient enrollment to make the program self-support. The program stopped accepting students in 2016.

The GrC faculty met fall in 2019 to discuss curriculum strategy for the short and long term, and unanimously voted to discontinue the MS in Printed Electronics and Functional Imaging. Our undergraduate Bachelor of Science includes courses in Printed Electronics, and faculty continue to publish research in this area to stay on top of their field.

As a result, I hereby formally request that the Master’s Degree in Printed Electronics and Functional Imaging be discontinued.

Sincerely,

Colleen L. Twomey  
Associate Professor and Chair  
Graphic Communication Department
