| CHARGES   |                          |  |
|---|--------------------------|--|
| Charge  | Complete?                | Status/Notes   |
| Curricular Review. <b>Ongoing</b>   | <input type="checkbox"/> | Curriculum review was relatively light this quarter, but we reviewed course and program proposals as they arrived, including 1 new program (Food Safety Minor), 12 new/edited courses, and 2 special topics proposals.   |
| Review and revise existing curricular policy in the context of Q2S conversion (including minors, senior projects, concentrations, and graduate certificates). <b>Ongoing through conversion</b> | <input type="checkbox"/> | Drafted two Q2S-related policies: one on courses with condensed time schedules, and one on residency requirements in the last 30 semester units. The former was presented to and passed the Senate; the latter was too late for this quarter but is ready to go first thing in Fall 2023. We also presented our policy on general undergraduate curriculum to the Senate, which we had largely drafted in previous quarters. |
| Develop coherent policy on minors with regard but limited to size of minors, numbers of upper- and lower-division courses, overlap between majors/minors and minors/minors. Draft               | <input type="checkbox"/> | Completed our discussions on this topic and drafted an omnibus minors policy (and associated resolution) to be presented to the Senate at the beginning of Fall 2023.  |

|   |                          |   |
|---|--------------------------|---|
| resolution for Senate consideration. <b>AY 2022-2023</b>  |                          |   |
| Develop Prior Learning Policy in collaboration with Academic Programs and Planning (APP). <b>AY 2022-23</b>   | <input type="checkbox"/> | Greg Bohr and Andrew Morris served on the ad hoc committee to develop the CPL Policy, reporting back regularly to the ASCC. The ad hoc committee developed a comprehensive policy draft and handed it over to ASCC at the end of spring quarter. ASCC will review and present the policy to the Senate (with additional sponsorship as appropriate) at the beginning of the Fall 2023 term. |
| Discuss whether limits on the number of degree-applicable units from co-curricular or learn-by-doing-type courses is appropriate. <b>AY 2022-23</b> | <input type="checkbox"/> | We had some tangential discussions on this topic in the context of other business but did not make appreciable progress toward a resolution or policy proposal.   |
| Review and modify committee procedures and bylaws as needed. <b>Ongoing</b>   | <input type="checkbox"/> | We did not identify any necessary changes to our procedures or bylaws this quarter.   |

### **NOTES:**

ASCC met over Zoom each Thursday from 3:10 – 5:00 pm this quarter, with the exception of one in-person off-campus semi-social meeting in week 10.

Andrew Morris represented AP&P in place of the now-retired (and much missed!) Bruno Giberti.

Met with Ken Brown (Faculty Affairs Committee chair) to discuss revisions to policy on suspension and discontinuation of programs, a task which ASCC expects to pick up in Fall 2023.
