CHARGES		
Charge	Complete?	Status/Notes
Review and modify committee procedures and bylaws as needed. Ongoing	<input type="checkbox"/>	Duplicate entry? I assume this is supposed to be “ongoing curriculum review” – see notes below.
Review and revise existing curricular policy in the context of Q2S conversion (including minors, senior projects, concentrations, and graduate certificates). Ongoing through conversion	<input type="checkbox"/>	Have so far proposed revised policy on Senior Projects (AS-950-22), Concentrations (AS-953-22), Minors (AS-951-22), and Cross-disciplinary Studies Minors (AS-952-22). A resolution on ‘General Undergraduate Curriculum’ is ready for ExComm review in January 2023. Currently working on a corresponding general resolution for graduate curriculum.
Develop coherent policy on minors with regard but limited to size of minors, numbers of upper- and lower-division courses, overlap between majors/minors and minors/minors. Draft resolution for Senate consideration. AY 2022-2023	<input type="checkbox"/>	Completed the first portion of this with the resolution listed above. Will continue the ‘overlap’ discussion in Winter and Spring 2023.

Develop Prior Learning Policy in collaboration with Academic Programs and Planning (APP). AY 2022-23	<input type="checkbox"/>	Had some very brief initial discussion of this, with background material provided by Andrew Morris (AP&P). Will return to the discussion in Winter and Spring 2023
Discuss whether limits on the number of degree-applicable units from co-curricular or learn-by-doing-type courses is appropriate. AY 2022-23	<input type="checkbox"/>	Have not started on this one. Will begin the discussion in Winter and Spring 2023.
Review and modify committee procedures and bylaws as needed. Ongoing	<input type="checkbox"/>	We will continue to discuss our procedures and bylaws as needed.
