NOTES:

ASCC met by Zoom on Thursday afternoons from 3:10 – 5:00 pm this quarter.

Our winter plans were upended a bit by the Q2S conversion news. In addition to the curriculum review described above, we drafted a resolution to temporarily switch to a 3-year Catalog, adopted by the Senate as AS-930-22.

Also began identifying Senate resolutions needing to be modified for semester Catalog (although the Catalog team in the Registrar's Office has taken the lead on this for us so far).

In response to confusions and inconsistencies in the codes used for online modalities, we met with the Registrar's Office (Scheduling) and are drafting a resolution to modify the codes used in CIM (FO, RO, HY, FT) to match what is used elsewhere in our systems.
