<b>CHARGES</b>	
Charge	Status/Notes
Examine blended programs.	In conjunction with Dr Rich Savage, we have prepared a senate resolution. This resolution will be sent to Department Chairs, Curriculum Chairs, and Associate Deans for input and submitted for consideration in the Spring.
Discuss double counting courses. <b>Winter 2017.</b>	The committee examined data gathered by the Registrar’s Office regarding the number of minor offered and looked at overlap between different majors and minors. A draft resolution has been prepared and is being edited by committee members.
Explore “course renewal” cycle (in tandem with GEGB). <b>Ongoing.</b>	The Chair has met several times with the Associate Registrar of Curriculum, Catalog & Scheduling and the GEGB Chair to discuss the renewal plans. Currently we are preparing a proposal to submit to IT, and are determining what to request in the LeapFrog software (may just do a course edit requesting updated Course Learning Objectives and for an uploaded syllabus).
Examine impact of Quarter Plus courses (in tandem with GEGB). <b>Ongoing.</b>	The GEGB and the ASCC have both expressed concerns about programs/experiences that condense coursework into what may be unrealistic

	<p>time periods. Both committees have met with the Vice Provost for International, Graduate and Extended Education for fact gathering and to express our concerns. We are currently deciding whether to draft a resolution requiring approval of programs/experiences that utilize compressed time frames.</p>
<p>Ongoing review of curriculum proposals.</p>	<p>The status of proposals can be found at <a href="http://registrar.calpoly.edu/status-proposals">http://registrar.calpoly.edu/status-proposals</a> . Courses examined (or-re-examined after rollback), which included a number of e-learning addendums, during Winter 2017 include AEDUC 502, ERSC 335, LS 305, LS-BS6 Science Concentration in Liberal Studies, MATH-BS4- Mathematics Concentration in BS Mathematics, ANT 345, COMS 316, COMS 386, JOUR 333, JOUR 470/471, KINE 250, PHIL 231, PSY 201, PSYCH 344TH 210, WGS 302, WGS 345, BS Dairy Science, BIO 471, TH 210the Honors Program and its courses, Degree programs in BS Environmental Earth and Soil Sciences, BS Environmental Management and Protection (and the Wildlife Biology concentration), BS Forestry and Natural Resources (and the Watershed Management and Hydrology concentration and the Wildlife Biology concentration), and courses associated with the Agricultural Leadership Minor.</p>

**NOTES:** The committee also provided feedback on a number of different resolutions that were proposed, including AS-827-17 and a resolution concerning USCP courses.
