Submit revised GE PLO's. AY 2021-22	<input type="checkbox"/>	The Board's intention in revising the GE PLOs was to tie them to GE assessment practices. Uncertainties about semester conversion and the effects of AB 928 have delayed the Board's consideration of future assessment policies; revision of the GE PLOs, therefore, has been put on hiatus until semester conversion is complete.
Continue with the GE recertification process. AY 2021-22	<input type="checkbox"/>	This past fall, the Board adopted a policy allowing departments to submit Upper-Division Area C and D recertification proposals either this June (per the original schedule) or when semester-conversion materials will be due. The Board has received a handful of such proposals to be reviewed on the original recertification timeline, i.e., this fall.
Review and modify committee procedures and bylaws as needed. AY 2021-22	<input checked="" type="checkbox"/>	As mentioned in our Winter 2022 report, the Board reviewed section VIII.I.9. pertaining to the General Education Governance Board in the <i>Bylaws of the Academic Senate</i> . We found that, overall, it accurately described our responsibilities and procedures. However, some minor points needed updating to reflect current nomenclature [VIII.I.9(a)(6), VIII.I.9(b)(4)(e)]. A copy of the proposed modifications was submitted in March.

Review curriculum proposals: both catalog cycle and continuous course review proposals. Ongoing	<input type="checkbox"/>	This quarter the Board reviewed sundry modality-change proposals as well as a few proposals for new GE courses.
Continued consideration and discussion of GE pathways. AY 2021-22	<input type="checkbox"/>	The Board's continuing position is that, of necessity, an effective GE pathway must incorporate currently unknown details about the semester calendar and any revisions made by way of AB 928. This conversation, therefore, has been put on hiatus until semester conversion is complete and further details about the implementation of AB 928 are known.
