NOTES:

The GRC's main charge for spring quarter is the review of RSCA grant proposals. Proposals were due Thursday, February 7, 2019. In early spring quarter, proposal review assignments were made. The committee received 87 proposals. Each proposal was reviewed by three committee members. This year, the maximum allowable funding was increased to \$18,000 per proposal and the RFP included limits on the number of proposals each PI could submit and the maximum number of resubmissions per proposal.

For the current review cycle, the GRC had \$420,000 in available funding. After thorough review, \$413,435 was allocated to fund proposals. The committee maintained current guidelines allocating available funding based on proposal quality and according to a maximum funding level guided by the FTE-by-college. The committee funded 25 proposals (some proposals have PI/co-PI from different colleges which impacts the total number funded in the per college breakdown below). The funding was distributed as follows:

Total funding by college:

- CAED: \$0
- CAFES: \$62,402 (4 proposals)
- CENG: \$89,556 (6 proposals)
- CLA: \$112,835 (9 proposals)
- CSM: \$116,657 (9 proposals)
- OCOB: \$26,985 (2 proposals)
- Library: \$5000 (1 proposal)
