Overview of Spring 2017 Senate Report

- Status of Fall 2013 FTF and Fall 2015 transfer cohorts
- Quarterly retention effort
- Reasons why students extend their graduation
- Importing PolyLearn gradebook to PeopleSoft
- Expanding Freshmen Block Scheduling to winter and spring terms
- Possible change to the enrollment process during add/drop period
Fall 2013 Freshmen Cohort

- 4-year graduation rate: 50.3%
- 5-year graduation rate: 76.3%
- 6-year graduation rate: 82.0%
- Current possible max cohort grad rate: 85%

Fall 2014 Freshmen Cohort

- 2% less dismissed
- 3% less attrition than previous cohort
- Current possible max cohort grad rate: 90%
Freshmen Year Block Scheduling

• Currently FTF is block scheduled into their fall term.
• Winter and spring terms: Major and support classes only (unless the department requests more).
• Winter and spring block scheduling occurs before the registration for the subsequent term begins.
• Departmental participation not mandatory, however, all departments have chosen to participate.
• About 15% of departments have chosen to hold seats for continuing students as well.
Suggested Change to Add/Drop Period

RATIONALE

- “Crashing” phenomenon getting worse
- 783 freshmen with 0-11 units for Spring 2017
- 2,400+ registration related advising sessions in Fall and Winter of this AY
- Lack of standard protocol
- Students “shopping” for permission numbers
- Some give up altogether
- “Crashing” concern comes up during admission events

PROPOSAL

- CSU & UC common practice
- Reduce number of units students can choose to waitlist to around 16 (current limit is 99)
- Run the “enroll from waitlist” process until the 5th day of classes
- Faculty still have access to permission numbers to
  - Override enrollment capacity
  - Override requisites
- Permission number is needed to enroll 6th through 8th day
PeopleSoft Upgrade Project

• PeopleSoft is being upgraded from v9.0 to v9.2
• Precedes Common HR System implementation
• Major upgrade that requires resources
  • Almost all major administrative units involved
• Start date: September 18, 2017
• Go live date: April 23, 2018
EO 1100 & Completion of GE Area A

• Feb 16, 2015: EO 1100 regarding CSU GE Breadth requirements
• GE Area A and one of Area B1 now requires C- or better
• Applies to students admitted Fall 2016 and later
• Effective Winter 2018 registration
• Catalog and prerequisite rules have been updated
• Email to campus going out this week
A New Change in PASS

What's new in PASS

Available Seats - Open and Reserved

During enrollment appointments (registration rotations), course sections may have seats that are reserved for certain students. As a result, Seats Available are shown as follows:

- Open Seats Available - Number of seats available to a student who meets the prerequisite for the course.
- Reserved Seats Available - Number of seats available to a student who meets the prerequisite for the course and the criteria for reserved seats as outlined in Section Notes.

Note: When there are reserved seats available in a LEC section of a LEC/LAB course, then the same number of open seats in the accompanying LAB section are available only to students for whom seats are reserved.

UserID is created upon entry into PeopleSoft.

*updated 9/14/17*

- Planning to switch PASS to display preferred name
- PeopleSoft and Student Center displays will remain primary name
  - (Ideally) would need a CSU wide modification
  - Not anticipating a change soon due to PS upgrade and CHRS split
