<b>CHARGES</b>	
<b>Charge</b>	<b>Status/Notes</b>
Ongoing review of curriculum proposals: catalog cycle proposals and continuous course review proposal. August 2016.	A handful of courses were approved. Three courses were approved for the Honors program and over a dozen courses were approved for updated D5 pre-reqs.
GE program review. Report due in August 2016.	The GE self-study was completed in fall quarter. In January, four reviewers (three external, one internal) met with constituent groups across campus as part of the GE program review.
Explore “course renewal” cycle (in tandem with ASCC). Spring 2016	The GEGB is interested in continuing to explore “course renewal,” but was waiting for the program review document before proceeding.
Examine impact of Quarter Plus courses (in tandem with ASCC). Spring 2016	The GEGB discussed quarter plus in fall quarter. In winter, Brenda Helmbrecht emailed Brian Tietje with questions ranging from whether or not GE objectives were being met in Quarter Plus courses (especially writing intensive courses), to how class caps were determined (most were higher than during the regular academic year), to students’ ability to process more complex content (especially in upper-level GE classes), etc. The GEGB has also asked for better collaboration with Extended Ed

	moving forward.
“Pathways” discussion.	The GEGB has been waiting on the program review report before discussing future directions for GE.
Library representative on GE Governance Board?	Katherine O’Clair, from the library, has been serving on GEGB this year, so there does not appear to be a need for an additional library representative at the moment.
