

ARE YOU WORKING OVER THE SUMMER?

EARN MAJOR CREDIT BY ENROLLING IN AEPS/PLSC S339 SUMMER INTERNSHIP

HOW TO ENROLL

Step 1: Secure an internship and determine the number of units you need.

Most students enroll in 1 unit in the summer and enroll in additional units in Fall, Winter, or Spring (i.e. to receive 4 total units, enroll in 1 unit in Summer and 3 units in Fall)

IMPORTANT: Students can earn 4-6 units of AEPS/PLSC S339 – Internship credit for their degree.

- 4 units can count in your Concentration-Approved electives area
- 2 units can count in your Free Electives area

Units	Number of hours worked during quarter
2	100 (10 hours per week x 10 weeks)
4	200 (20 hours per week x 10 weeks)
6	300 (30 hours per week x 10 weeks)
12	400 (40 hours per week x 10 weeks)

Step 2: Email the following to aeaps@calpoly.edu

- Number of units you would like to enroll & a short summary of your internship, naming the critical skills they will learn related to plant science.
- Provide the name, contact phone number and email address of your supervisor.

Step 3: Upon approval, the department will provide you with a permission number to enroll.
