

Need help figuring out www.ASSIST.org?

What can I take at a community college to satisfy a Major/Support course at Cal Poly?

1. Select *Cal Poly*, *SLO* from the drop down menu.
2. Make sure you have the correct academic year.
3. Select the appropriate California Community College from the next drop down menu.
4. Select the class from the drop down menu "By Department at Cal Poly" to view the articulations.
5. REMINDER: if you repeat a class you already took at Cal Poly, you cannot earn units twice or be eligible for grade forgiveness.

What can I take at a community college to satisfy GE: D1 at Cal Poly?

We don't recommend taking D1 courses off campus. At Cal Poly, we require only one course and most community colleges require two to three courses to fulfill this requirement.

However, if you want to see the options on ASSIST:

1. Select the California Community College from the drop down menu.
2. Make sure you have the correct academic year
3. Click on the link: [CSU US History, Constitution, and American Ideals Courses](#).
4. Be sure to read all of the information on the page and contact Evaluations with questions.

What can I take at a community college to satisfy free electives?

The class must be CSU transferable. Select the community college from the drop down menu, then click on the "CSU Transferable" link. Search for the class by department. If the class appears on the list it is CSU transferable. Check the articulation of the class to be sure you are not repeating a class you have already taken. If the class does not appear on the list, it is NOT CSU transferable and cannot be used for free electives.

I took the class(es) I needed at a community college. Now what?

Order an official copy of your transcript from the community college and have it mailed to the address below. After we receive your transcript, the units and GPA will be calculated on your Poly Profile. Approximate processing time is 1-2 quarters.
