

## **2018 Survey of Rental Companies** **Self-Propelled Agricultural Equipment (any horsepower)**

### **Overview**

- Production agricultural associations, in cooperation with the State of California, invite you to participate in a statewide survey to collect data on commodity information and self-propelled off-road equipment, of any horsepower, used in agricultural operations in California.
- **This survey is for companies that rent or lease off-road agricultural equipment or construction equipment used in agricultural services.** Only report equipment used exclusively for agricultural operations. See explanation on back.
- **All individual survey results will be kept confidential.** The survey should take about 20 minutes to complete. Please complete and return the survey even if you do not own any equipment.
- **If you prefer to complete this online, the same survey is also available online at:**  
<https://agb.calpoly.edu/2018-equip-survey>

### **Section 1: Your Company's Operation**

In which counties did you rent/lease equipment in 2018?

Please list the counties and the percentage of total acres in each county (for a total of 100%).

County \_\_\_\_\_ Percentage \_\_\_\_\_

County \_\_\_\_\_ Percentage \_\_\_\_\_

County \_\_\_\_\_ Percentage \_\_\_\_\_

County \_\_\_\_\_ Percentage \_\_\_\_\_

County \_\_\_\_\_ Percentage \_\_\_\_\_

Alameda	Glenn	Marin	Placer	San Mateo	Sutter
Alpine	Humboldt	Mariposa	Plumas	Santa Barbara	Tehama
Amador	Imperial	Mendocino	Riverside	Santa Clara	Trinity
Butte	Inyo	Merced	Sacramento	Santa Cruz	Tulare
Calaveras	Kern	Modoc	San Benito	Shasta	Tuolumne
Colusa	Kings	Mono	San Bernardino	Sierra	Ventura
Contra Costa	Lake	Monterey	San Diego	Siskiyou	Yolo
Del Norte	Lassen	Napa	San Francisco	Solano	Yuba
El Dorado	Los Angeles	Nevada	San Joaquin	Sonoma	
Fresno	Madera	Orange	San Luis Obispo	Stanislaus	

## Explanations

### Agricultural operations (<http://www.arb.ca.gov/msprog/ordiesel/guidance/ag-operations.pdf>)

- For the primary purpose of making a profit, providing a livelihood, or conducting agricultural research or instruction by an educational institution, agricultural operations include:
  - The growing or harvesting of crops from soil (including forest operations).
  - The raising of plants at wholesale nurseries, but not retail nurseries.
  - The raising of fowl or animals.
- Agricultural crop preparation services include:
  - Packinghouses, cotton gins, nut hullers and processors, dehydrators, and feed and grain mills.
  - The first processing after harvest, not subsequent processing, canning, or other similar activities.
  - For forest operations, agricultural crop preparation services include milling, peeling, producing particleboard and medium density fiberboard, and producing woody landscape materials.

### Forest operations

- Includes cutting or removal, or both, of timber, other solid wood products (including Christmas trees), and biomass from forestlands for commercial purposes.
  - Commercial purpose may include construction and maintenance of roads, fuel breaks, firebreaks, stream crossings, landings, skid trails, beds for falling trees, fire hazard abatement, and site preparation that involves disturbance of soil or burning of vegetation following forest removal activities.
- Includes cutting or removal of trees, tops, limbs and or brush, which are processed into lumber and other wood products, or for landscaping materials or biomass for electrical power generation.
- Does not include conversion of forestlands to other land uses such as residential or commercial developments.

### Equipment Examples

Self-propelled equipment (any horsepower)	Example
Agricultural Tractors	
ATV (used exclusively for agricultural operations)	
Bale wagons (self propelled)	
Balers (self propelled)	
Combine harvesters	grain/field crops
Cotton pickers	
Forage & Silage Harvesters	
Forklifts	
Hay squeeze/ Stack retriever	
Nut harvester	almond harvester, sweeper, shaker, etc
Other Agricultural Equipment not listed above	
Other harvesters	grape harvesters, pistachio harvester
Scrapers	land leveling equipment
Skid Steers/Front wheel loaders/backhoes/other construction used in Ag	
Sprayers/spray rigs (self propelled)	
Swathers/Windrowers/Hay Conditioners (self propelled)	

**Thank you! We greatly appreciate your assistance.**

**Section 2. 2018 Equipment Inventory**

Please complete the table using the examples as a guide. If you need additional space, please print pages 3-4 again.

Refer to the equipment table on the previous page for clarification.

Off-Road Equipment (any horsepower)	Rented (R) or Leased (L)	Please check if equipment was leased for more than one year	Manufacturer /Model	Year	Engine HP	Fuel Type – Diesel (D) Gasoline (G) Propane (P)	Hours per year (hours/year)
ag tractor	R		Case 2394	1988	200	D	2500
skid steer	L	√	Caterpillar 246	2007	75	D	2900

[illegible]
