FOOD, BEVERAGE, DAIRY PLANT SANITATION – ACCOUNT MANAGEMENT

Join our industry-leading Food & Beverage team as a Food, Beverage, Dairy Plant Sanitation expert. We are increasing food safety and product quality, enhancing sustainability and boosting operational efficiency. We provide cleaning and sanitation solutions to food, beverage and dairy manufacturing environments through a dual focus on sales and technical service/consultation to new and existing customers.

We are seeking highly motivated students to join Ecolab's Account Manager Internship program and full-time Account Manager in Training program for Ecolab's Food & Beverage division. Opportunities available nationwide.

Account Manager Interns

- Participate in a 10-week internship program
- Solve real-world customer problems in Food & Beverage manufacturing
- Be considered for full-time opportunities upon graduation

Basic Qualifications

- Pursuing or completed bachelor's degree in dairy, food or agricultural science, engineering, chemistry or related major
- Valid driver's license, acceptable motor vehicle record and access to a personal vehicle

Account Managers in Training

- Complete a paid training program of six to 12 months that includes job shadowing, structured field activities and customized classroom-style training
- Upon completion of training, you will manage your own territory as an Account Manager (relocation may be necessary)

Preferred Qualifications

- Experience within the food, beverage or dairy processing/manufacturing industries
- Mechanical aptitude and problem-solving ability
- Bilingual skills – English/Spanish

A Day in the Life

- Learn customers' operations, understand their cleaning challenges and devise solutions to meet their needs
- Monitor product performance
- Provide industry expertise and training
- Introduce new product/service offerings
- Learn how to successfully prospect to generate new business
