

## Markon Internship Program

*Mission: To create an opportunity for able and motivated students to develop knowledge of the produce industry while helping Markon to detect future industry talent.*

### About Markon

Markon and our member companies have been the foodservice industry's premiere source of fresh produce for more than 30 years. A leader in food safety, quality control, and innovation, we are also mindful of the produce industry's impact on people – from field workers to consumers. Markon's fresh fruits and vegetables are backed by key components that ensure our customers always receive what they expect – Confidence in Every Case.®

### Internship Opportunities

In this internship program, Markon is committed to introducing students to many aspects of fresh produce procurement and distribution as they relate to the foodservice industry:

- Crops/product quality
- Weather
- Logistics
- Purchasing/Sales
- Food Safety
- Relationship building
- Data analysis and forecasting

### Intern Duties

A brief introduction of each department will be given to the candidate by working directly with the following key departments before settling into the purchasing department: customer service, food safety, marketing, multi-unit accounts, and quality assurance. The intern will be encouraged to share experiences and observations during weekly meetings with Markon's buying staff.

**Timeframe:** June - August – exact dates negotiable

**Hours:** 40 per week, 6:30 a.m. – 3:30 p.m.

**Salary:** Paid hourly rate TBD / course credit, if applicable
