

Quality Assurance Internship

Pismo Oceano Vegetable Exchange is looking for a candidate for an internship opportunity. Pismo Oceano Vegetable Exchange is a local Grower-Shipper located in Oceano, CA. This is a wonderful opportunity for anyone looking for work experience in the agriculture industry. The internship includes the following:

Quality Assurance

- Evaluate fresh produce coming in from harvest to company standards.
- Document and report product conditions to the company database.
- Communicate effectively with growers, management, and sales staff on quality conditions.
- Check and report on product in the cooling storage as necessary.
- Evaluate outside vendor product as necessary.

Food Safety

- Perform pre-harvest inspections in the field.
- Conduct tissue sampling of product and transport to the lab for analysis.
- Perform and assist with machine sanitation for harvest.
- Assist with regulatory audits as necessary.
