CAL POLY

College of Agriculture, Food and Environmental Sciences
Office of the Dean

May 4, 2019

Dear FFA State Finals Contestants,

Welcome to Cal Poly and the College of Agriculture, Food and Environmental Sciences. We're pleased to once again host the FFA State Judging Finals, a tradition going back more than 80 years at Cal Poly.

Each of you has worked hard to be here, and your commitment has paid off as you've successfully competed in one or more regional contests. You represent the future of agriculture in the state and nation. Hold your head high knowing that your hard work will pay off and that your involvement in agriculture will be the most rewarding experience that you could imagine.

The College of Agriculture, Food and Environmental Sciences is investing in advanced technology and programming to meet the global demands that await graduates in their chosen professions. Students like you arrive prepared for the challenge. FFA participation helps develop the teamwork, communication and leadership skills essential for success in today's world. These skills will help you as you further your education and eventually contribute to success in your chosen career field.

At Cal Poly, we are known for advancing these skills by providing students with a foundation for lifelong success through our renowned **Learn by Doing** approach. Our graduates are highly sought after by top industry performers both in California and across the U.S. We strongly believe in hands-on learning, just as you have done throughout your FFA involvement.

The job market in agriculture, food production and life sciences is strong and continues to grow, providing challenging and rewarding careers to talented students with technical and interpersonal skills and the drive to succeed. We provide the opportunities to develop these skills in our college and encourage you to consider us as you look towards the future.

I want to wish you the best of luck in your FFA competition. Enjoy your visit to Cal Poly, and I hope to see you as a student on campus in the near future.

Sincerely,

Andrew J. Thulin, Ph.D.

Dean
