Academic Minors

A minor is an integrated, coherent group of courses (24 to 30 quarter units), which gives the student knowledge in an area that lies outside of the major field of study.

Requirements for the minor:

- At least half of the units must be from upper-division courses (300- or 400-level)
- At least half of the units must be taken at Cal Poly (in residence). For the French, German, and Spanish minors, the requirement for students studying abroad is at least one third of the units must be taken at Cal Poly; this allowance is for study abroad programs only and does not apply to any domestic transfer credit.
- Not more than one-third of the courses in a minor can be graded with student-selected Credit/No Credit (CR/NC), except for courses that have mandatory CR/NC grading
- A minimum 2.0 GPA is required in all units counted for completion of the minor

The minor must be completed prior to, or at the same time as, the requirements for the bachelor's degree. A major and a minor may not be taken in the same degree program, and a minor is not required for a degree.

Students who wish to earn a minor should contact the department offering the academic minor as early as possible in the program and fill out the appropriate agreement form. Students may select a minor which has requirements from a catalog that is different from that of their major. The minor form must then be submitted to the Office of the Registrar. The completion of the minor is noted on the student's transcript, but is not shown on the diploma. In no case is a diploma awarded for the minor.
