

FFA Ag. Mechanics State Finals 2019

Woodworking Skills

Procedure:

You will receive one piece of primed pine: 1 x 3, S4S, 18" long; and two #8 x 1-3/4" flathead woodscrews. Make the appropriate cuts and assemble the pieces according to the three-view drawing below. When finished, write your contestant number and name on the backside of this sheet and on your assembly, and submit your project to the judges.
