## HEALTH INSURANCE INFORMATION

### Animal Science Department Courses and Related Cal Poly Animal Activities

July 1, 2020– June 30, 2021

**SAFETY:** Accidents can be prevented by using good judgment, preventive maintenance and figuring things out before you do them. Safety for the “handler” should always come first.

The University does not maintain comprehensive medical insurance for students injured in class or related activities. The University provides limited medical services for students at the University Health Center, Bldg. 27 next to Rec Center. It is strongly recommended that students carefully consider the augmentation of those limited services through the purchase of a comprehensive health insurance program including ambulance and major medical services. Student health insurance is available through the Student Health Center or directly at: <http://hcs.calpoly.edu>
