

Packing Enterprise Application

Applications accepted starting the sixth week of Fall Quarter. Return to instructor Lou Moore Jacobsen hmooreja@calpoly.edu This is a continuing enterprise, best taken starting in Winter quarter and continuing through Spring. Wait list does not carry from one quarter to the next, re-application is required.

This course gives a student the chance to learn better horsemanship by learning how to pack a load onto a horse or mule. This enterprise offers a chance to compete in intercollegiate packing competitions, but it also gives students a chance to learn how to pack mules and horses for both competition and real life packing, teach animals to accept loads, and a lead pack string in varying terrain.
