

J O B P O S T I N G

Position: Theriogenology Technician
Full-Time, including benefits

Shift/Hours: Day Shift, with required weekends
Overtime as Directed

With 147 years of valued service to the equine industry of Central Kentucky, Hagyard Equine Medical Institute is searching for a skilled equine veterinary technician to work alongside a team of board-certified theriogenologists at the McGee Fertility Center in Lexington, Kentucky.

Skills/Responsibilities Required:

- Maintaining accurate patient charts, documenting observations and proper interpretation of veterinarian instructions.
- Setting up for reproductive procedures.
- Assisting veterinarians with procedures as directed.
- Maintaining appropriate stock of medical supplies in work areas.
- Maintaining clean and sterile work environment.
- Performing quality control procedures in the laboratory.
- Semen cooling, freezing, shipping.
- Other projects and responsibilities as assigned.

Qualifications:

- Knowledge of, or willingness to learn, laboratory techniques such as pipetting and handling liquid nitrogen
- Knowledge of the equine reproduction management is preferred but not required if a willingness to learn is demonstrated.
- Ability to handle and restrain foals and adult horses
- Ability to lift 50 -100 lbs
- Computer skills including Microsoft Word and Excel
- Excellent communication skills
