The Mustang Enterprise handles the care of the Cal Poly Mustang(s) as well as several other quarter horses. Each of these horses is unique in character and all require varying discipline and training. Our primary job is to prepare and participate in the showcase of the Mustangs during football games and other university events. The secondary purpose of this Enterprise is to create a sense of community between members. Each member will offer different training techniques and it is a part of the learning experience for other members to collaborate for the best training of these horses. Participation will include stall cleanings, riding shifts, turn out, grooming, blanketing, bathing, and ground work for each horse.

1. Please provide a detailed description of your equine experience.
2. What training techniques or experience do you think you could bring to this enterprise? Please use detail, citing skills such as collecting, flag-work, teaching a horse to have a light mouth, etc..
3. What kind of techniques or experiences would you like to learn?
4. Why would you like to be a part of this Enterprise and what do you hope to learn from it?
5. What do you consider to be your top five (non-horse related) strengths?
6. What do you consider to be your top 3 (non-horse related) weaknesses?
