

Agricultural Machinery/Maintenance Summer Internship

Yosemite Foods Inc. is currently accepting applications for a summer 2024 internship in Agricultural Machinery/Maintenance. The intern will work closely with Maintenance Manager, Plant Superintendent, and owners to learn the ins and outs of specialty processing equipment in the meat industry. Yosemite Foods Inc. currently packages wholesale meat products and is adding new equipment for retail packaging. The intern will learn the design, operation, and maintenance for the complete processing facility. Key information for the internship:

- ☐ Internship will be paid on an hourly basis.
- ☐ Subsidized housing may be available.
- ☐ Location: 4221 E. Mariposa Rd. Stockton, CA 95215
- ☐ Required skills: Microsoft Office, Practical IT knowledge, welding, basic engineering knowledge, and machinery operation.
- ☐ Be a team player, self-motivated, and highly attentive to detail.

Intern responsibilities will include assisting maintenance individuals in organization of materials and supplies, developing routine maintenance schedules, diagnosing, and assisting in repairing machinery related to mechanical, IT, and electrical, and developing an understanding of food process machinery to improve efficiency in processes. The intern will learn the ins and outs of the meat industry and gain a knowledge of the complete supply chain and the machinery engineering necessary for production. The intern will have the opportunity to help develop processes that can improve process efficiency and implement creative solutions for the company.

Yosemite Foods Inc. believes in a collaborative effort and this internship will require working closely with members of the company to develop an understanding of the meat industry. Through this internship, the intern will receive mentorship from the executive level and gain valuable real-world experience by working at one of the largest meat processing companies in California.
