

M.E. Designs

Structural, Civil, Architectural Positions

M.E. Designs is a small engineering firm, located in downtown Paso Robles. We specialize in planning, drafting, design, civil & structural engineering, permit processing, structural observation, construction administration, and much more! Our diversity allows for ample professional challenge and growth. We are looking for individuals with a strong work ethic, an entrepreneurial mind, a love for learning, and superior character to join our team.

Preferred Experience:

- BS or MS in Architectural Engineering or Civil Engineering with structural concentration
- P.E. License
- Fundamentals of Engineering (FE/EIT) Certification
- 2 or more years experience with timber, steel, concrete, and masonry design
- Experience with Revit, Autocad, and structural analysis software
