

Upstate Engineering, Inc.

Entry to Mid-Level Project Engineer

Mountlake Terrace, WA

Until Filled

Andrew Gahan, PE, Principal

andy@upst8.com

Job Description:

Upstate Engineering, Inc. provides residential structural engineering and home design services. Our job board consists of new construction, remodels, additions, single-family, multi-family, townhomes, light commercial structures, etc. Our office currently consists of (2) engineers, (1) drafter, (1) designer, but we have the capacity to grow quickly with the addition of the right candidate(s). The right candidate is upbeat, versatile, self-motivated, detail-oriented, and interested in completing smaller projects from beginning to end. Candidates should submit a resume to andy@upst8.com.
