

## 3D Construction Printing Intern (Houston TX)

### Are you ready to shape the future with us?

We are one of the leading providers for 3D construction printing and part of the PERI Group. Our goal is to revolutionize the construction industry and the way we build today. By combining 3D construction printing technology with decades of expertise in the construction industry, we aim to increase productivity in construction. Not only did we print Germany's first printed house, we also printed the largest apartment building in Europe.

We are looking for someone who has a positive attitude, an entrepreneurial spirit, is open-minded, a team member, and is passionate to learn. The intern will participate in real 3D printing projects – no specific knowledge on 3D Construction Printing is required. Are you are looking for an exciting opportunity with a grown company that cares about their employees? If so, we invite you to apply!

Here you can find a video of one of our 3D printing projects: <https://bit.ly/3uke7RN>

### What you'll do on a typical day:

- Participate in the construction of 3D printing projects.
- Develop solutions for 3D printing projects.
- Develop construction blueprints, printable files, and project schedules.
- Interacting and understanding of PERI's 3D printing construction technology.
- Assist in the operation, maintenance, and transportation of 3D printing equipment.

### What you'll need to be successful:

- Currently enrolled in a bachelor's or master's program in Construction related field required: Architecture, Project Management, Mechanical/ Civil Engineering, or related business area of study
- Be able to dedicate 20-40 hours per week during business hours (8 am to 6 pm)
- Customer-centric thinking and business savvy
- Strong verbal and written communication skills
- Self-motivated to investigate and implement new ideas
- Open-minded and a creative thinker
- Ability to work in a dynamic start-up environment
- Ability to travel 10-20%
- Sales or marketing experience is a plus

We thank all individuals for their interest in PERI; however, only those selected for interviews will be contacted.

US work eligibility required. PERI is an Equal Opportunity Employer.
