

## Come join our team: Structural Engineering

Our structural engineering firm is client focused and we maintain an atmosphere of collaboration and colleague support in a very friendly and pleasant work environment

At DMSE we are about the business of building our staff in a mutually beneficial association of skills and loyalty. We are looking for two individuals who share our vision and want to work toward the goal of partnership. This is a great opportunity for highly motivated and qualified individuals to join our team and immediately begin structural design.

If you would like to explore this opportunity, and meet the qualifications, we want you to contact us for a confidential interview.
