Position Description: HDR is looking for a Structural EIT to join our LA HDR Architecture team in Pasadena, CA. This person will perform structural design in a variety of markets including Health, Education, Science + Technology, Civic, and Federal. They will be expected to coordinate and work closely with a multidiscipline design team. Design knowledge in steel, concrete, masonry, and wood structures is required. Revit experience is also required. This individual should be self-motivated with an initiative to deliver high quality design.

At HDR, we know work isn't only about who you work for; it's also about what you do and how you do it. Led by the strength of our values and a culture shaped by employee ownership, we network with each other, build on each other's contributions, and collaborate together to make great things possible. When you join HDR, we give you license to do the same. We help you take charge of your career, giving you multiple growth opportunities along the way.
