ENTRY-LEVEL ENGINEER

Position Requirements

• Bachelor’s Degree in Civil or Structural Engineering. Master’s preferred.
• Licensed as an Engineer-In-Training.
• Knowledge of AutoCAD & Microsoft Office.
• Experience with structural analyses and design software, such as Visual Analyses, ETABS, SAP, SAFE, Perform 3D, and Revit Building Information Modeling (BIM) software (preferred).

The successful candidate must possess excellent interpersonal and communication skills and the ability to participate within a team of engineers and drafters to engage in analyses and design of structural systems in concrete, wood, masonry, and steel.

The candidate must have the ability to work collaboratively in a team environment and the ability to work independently as well.

We are looking for problem solvers.

INTERN
