

WATRY DESIGN, INC.

Architects • Engineers • Parking Planners

Intern/Staff/Senior Designers

Are you looking for an opportunity to work with a collaborative, talented, passionate team where initiative is rewarded? Watry Design, Inc. is an Architectural, Structural Engineering and Planning firm that not only fits that bill, but offers far more.

We are currently seeking Staff/Senior Designers with 0-5 years of experience to work in our Irvine office. These positions work on diverse projects for the private sector, municipalities, transit agencies, universities, medical facilities and more.

If your interest is piqued, send your resume and cover letter.

Responsibilities

- Develop drawings and produce sketches to incorporate in the documents
- Assist with construction document preparation
- Occasionally coordinate and delegate project tasks to others
- Create architectural and structural plans, elevations, sections, details and schedules
- Coordinate details and dimensions between drawing sheets
- Basic knowledge and understanding of building codes
- Assure that drawings comply with company production and design standards
- Site and field work including field measured documentation, existing facility inventory and site investigation
- Works under the direction of a Project Manager, Assistant Project Manager or Job Captain

Qualifications

- Bachelor's Degree in Architecture or Engineering or equivalent experience
- 0-5 years of experience

Skills

- Excellent communication, both verbal and written
- Time management
- Proficient in MS Word and MS Excel
- Revit experience required
- AutoCAD experience preferred
