

The Degenkolb Engineers Scholarship

Degenkolb Engineers has been in the continuous practice of structural engineering for over 80 years with offices currently located in San Francisco, Oakland, Sacramento, Los Angeles, San Diego, and Seattle. We provide a range of structural engineering services with much of our work in the areas of new design, seismic evaluations, seismic risk assessments, forensic engineering, and rehabilitation and retrofit designs. Clients include a broad spectrum of architects, contractors, government agencies, universities, and corporate clients. Degenkolb maintains a strong commitment to furthering the standards of the profession through active participation in leading engineering societies, as well as through sharing lessons learned from extensive earthquake reconnaissance worldwide. In our practice, we have found that a graduate education is essential to be effective in the rapidly evolving and technically demanding field of structural engineering.

The Degenkolb Engineers Scholarship has been established to encourage students to pursue a graduate education in structural engineering. The scholarship will be awarded to the applicant that best demonstrates a commitment to furthering the standards of the profession and pursuit of knowledge.

Candidate Qualifications:

1. Candidates shall have intent to enroll (or continue enrollment) in the Master of Science in Architectural Engineering program in the Fall 2021
2. Candidates shall have excellent academic and leadership skills.

Award:

1. Paid internship with Degenkolb Engineers during the summer of year 2021 in our Oakland office. Pay will be commensurate with level of education. Living expenses are not included.
2. \$3,000 grant awarded after registration for the ARCE MS program in the Fall 2021 quarter.

Application:

1. Submit an essay of two pages or less, discussing:
 - A. Individual career goals in the structural engineering profession.
 - A. Goals for a graduate school education.
 - B. Individual academic and leadership skills.
2. Submit application online using [this link](#) by January 29, 2021. Please include both your resume and essay as an attachment within the application system.

Selection Process:

1. Applications will be reviewed by the Engineering Managers in the Degenkolb Oakland office.
2. Finalists will be interviewed by a Degenkolb representative.
3. The scholarship recipient will be identified and communicated to the ARCE Department by February 19th, 2021.
4. Degenkolb representatives will work with the recipient to prepare an official offer letter for the 2021 summer internship.

Please contact Mark Berkowitz at mberkowitz@degenkolb.com if there are any issues on the application process.
