COLLEGE AWARDS – 2009

The University Senior Recognition awards are given to graduating seniors in four categories:

Academic Excellence

This award is given to the graduating senior exemplifying the University's highest standards of achievement as determined by grade point average. This is the only award presented during the June Commencement ceremonies.

Bing Y. Tsui ARCE

Verla and Paul Neel Faculty Scholarship (\$800)

Verla and Paul Neel, dean emeritus of the College of Architecture and Environmental Design and ARCE alumni, scholarship provides professional development funds to CAED faculty for participation in state or national conferences and conventions of the professional organizations within the disciplines of the CAED.

Thomas Fowler, IV (\$400) ARCH

Peter T. Laursen (\$400) ARCE

Wesley Ward Teaching Award (\$1,000)

In memory of architecture faculty Wes Ward, this award recognizes an outstanding teacher in the College of Architecture and Environmental Design. It is especially significant that students, through the CAED Student Council, select the faculty recipient for this award.

Kevin Dong ARCE

Service Award

Lucas S. Hogan

SCHOLARSHIPS**Degenkolb Engineers Scholarship (\$2,500 & Internship)**

Offered by Degenkolb Engineers, this scholarship encourages students to pursue a graduate education and a commitment to further the standards of the profession and pursuit of knowledge

Ryan R. Swenson

Emanuele Barelli Structural Engineer Scholarship (\$450)

This scholarship was established by Carolyn Barelli in memory of her husband, Emanuele Barelli, a 1970 architectural engineering graduate, for his hard work, dedication and love for Cal Poly. This scholarship provides support to a third-year architectural engineering major with a minimum 3.0 GPA.

Brian A. Planas

Herbert E. Collins Scholarship (\$3,600)

(\$1,200 awarded to an Architectural Engineering, Architecture and City and Regional Planning student)

This scholarship is made possible through a generous endowment to the university in honor of Julian A. McPhee, the first president of Cal Poly. Upper division students (junior/senior/graduate) are selected for their academic achievement, industriousness and display of overall fine character.

Erica D. Jacobsen (\$1,200)

Englekirk & Sabol Consulting Structural Engineers, Inc. Scholarship (\$1,000)

Englekirk & Sabol Consulting Structural Engineers, Inc., established this award in 1997. The scholarship is given to architectural engineering students who attain academic excellence and contribute to the Architectural Engineering Department activities through SEAOC (Structural Engineering Association of California), research and/or other volunteer activities.

Daniel J. Samson (\$500, Lower Division)

Emily A. Carlip (\$500, Upper Division)

Eugene E. Cole, S.E. Award (\$1,000)

Established by CYS Structural Engineers, Inc., this award supports architectural engineering students who are working on their senior project. The proposed project is clearly defined with measurable and obtainable results and has the potential to advance the state of the art of the structural engineering profession. The student or team of students must have demonstrated academic excellence and leadership in their ARCE career(s).

Alex L. Barnes

Katie E. Blaesser

Chase W. Helgenberger

Justin J. Porter

Blake A. Roskelley

Fluor Foundation Scholarship (\$2,500)

Fluor Corporation supports higher education and invests in programs that develop a diverse and skilled workforce. Through the partnership with Cal Poly, Fluor interacts with and prepares students for tomorrow's global and technical workforce. The goals of Fluor Foundation Scholarships are to promote academic excellence, professional engagement, research, student participation, and leadership.

Lower Division: The award is based on financial need, potential for success in ARCE as demonstrated by academic excellence and/or participation in extracurricular activities.

Sinhui E. Chang (\$1,250, Lower Division)

Upper Division: The award is based on academic excellence, financial need and support of the Architectural Engineering Department activities through SEAOC, research or other volunteer activities.

Kenneth A. Singh (\$1,250, Upper Division)

Forell / Elsesser Engineers Scholarship (\$1,000)

Sponsored by the structural engineering firm of Forell/Elsesser Engineers, this award recognizes an architectural engineering student entering their final year of study who has demonstrated academic accomplishment, creative problem solving and a potential for success in the structural engineering profession.

Jonathan N. Lund

Fratessa Forbes Wong Senior Project Award (\$500)

This award is given to senior projects judged to best advance the state of the art of the structural engineering profession. The student or team of students must have demonstrated academic excellence and leadership in their ARCE career(s). The proposed senior project is clearly defined with measurable and obtainable results and has the potential to advance the state of the art of structural engineering.

Lucas S. Hogan

Paul F. Fratessa Memorial Endowment (\$1,000)

In memory of former Architectural Engineering Department Head Paul F. Fratessa, this endowment provides support for scholarships, field trips and learn-by-doing projects and structures. The recipient is chosen from upper-class students in the ARCE program.

Jonas H. Houston

KNA Consulting Engineers Senior Project Grant (\$1,000)

The award is given to senior projects judged to best advance the state of the art of the structural engineering profession. The student or team of students must have demonstrated academic excellence and leadership in their ARCE career(s). The proposed senior project is clearly defined with measurable and obtainable results and has the potential to advance the state of the art.

Brendan K. McNiff

kpff Consulting Engineers Scholarship, Los Angeles (\$1,500)

kpff Consulting Engineers is a major West Coast consulting engineering firm. This scholarship is awarded to an architectural engineering student who has demonstrated exceptional potential for success in the structural profession.

David F. Wollin

Hans Mager Scholarship (\$1,075)

This scholarship is given in memory of Hans Mager by his grateful students. Hans was a founding member of the Architectural Engineering Department and hence the College of Architecture and Environmental Design.

Megan M. Stoner

John A. Martin & Associates Scholarship (\$1,500)

Established by John A. Martin & Associates, Los Angeles, this scholarship is awarded based on academic accomplishments and the potential for professional success, with special emphasis placed on involvement in school and community activities.

Alese M. Ashuckian

RRM Design Group Scholarship Endowment (\$2,175)

The RRM Design Group established this scholarship to support a third- or fourth year CAED student who shows “high professional promise” through overall excellence in their selected discipline, presentation and technical skills. Award of this scholarship rotates between the five disciplines in the CAED.

Selinda A. Martinez

Simpson Gumpertz & Heger Inc. Scholarship (\$1,750)

Simpson Gumpertz & Heger was established in 1967. The firm practices in the areas of building structures, remediation, investigation and evaluation, and building technology. The scholarship was established to recognize an outstanding third-year student who intends to pursue a master’s degree in structural engineering.

Solomon C. Ives

Simpson Strong-Tie Scholarship (\$1,000)

Simpson Strong-Tie Company, Inc. has established this scholarship program to support education and encourage the design and building of safer structures in our communities. Scholarship recipients are selected on the basis of academic record, demonstrated leadership and participation in school and community activities, honors, work experience, a statement of educational and career goals, and an outside appraisal.
Dago De La Rosa

Structural Engineers Association of Southern California (SEAOSC) Scholarship (\$1,500)

Scholarships are awarded annually by the Structural Engineers Association of Southern California to outstanding university students from the Southern California areas which are pursuing degrees in Civil Engineering programs that include an emphasis in "Structures." Recipients are selected for their excellence in both academics and leadership and have shown the desire to pursue a career in Structural Engineering.

Lucas S. Hogan

J. W. Van Dyke Memorial Scholarship(\$2,400)

(\$1,200 awarded each to an Architectural Engineering and Construction Management student)

The J.W. Van Dyke Memorial Scholarship was established in memory of J.W. who passed away September 13, 1939. The scholarship gives preference to supporting undergraduates of active, retired, or deceased BP employees with ten or more years of company service. The trustees may, however, from time to time choose another qualified candidate who shows good academic records and character.

David A. Lara (\$1,200)
